

Detailed Product Specification Guide

Complete Technical Specification Sheets

Covers 50 products across Electronics, Home Appliances, and Furniture categories.

Each entry includes full technical specifications, key features, product overview, and recommended use case to support product listings, customer support, and internal reference.

Note: Brand fields are placeholders pending brand assignment.

01 | Smart LED Bulb 9W

ELECTRONICS > SMART HOME

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This smart bulb replaces standard fittings and connects directly to home WiFi, no hub required. Users can adjust brightness, switch between warm and cool white, or select from millions of colors through a companion app. It supports scheduling, scenes, and integration with voice assistants for hands-free control. Energy-efficient LED technology keeps power consumption low while offering a long operational lifespan, making it a practical upgrade for anyone automating their home lighting.

TECHNICAL SPECIFICATIONS

Specification	Value
Wattage	9W
Base Type	E27
Lumens	800lm
Lifespan	25,000 hours
Connectivity	WiFi 2.4GHz

KEY FEATURES

- WiFi connectivity, no hub needed
- 16 million color options with white tuning
- Voice assistant compatible
- Scheduling and scene automation
- Energy-efficient, long lifespan

IDEAL USE CASE

Best for homeowners starting a smart home setup who want easy lighting automation without installing extra hardware.

Keywords: smart bulb, WiFi light, LED, smart home, voice control lighting

02 | WiFi Smart Plug

ELECTRONICS > SMART HOME

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

The smart plug fits into a standard wall socket and connects any plugged-in appliance to the home WiFi network. Through a mobile app, users can turn devices on or off remotely, set timers, or monitor energy usage. It works well for lamps, fans, coffee makers, and other everyday appliances that lack built-in smart features, offering an affordable entry point into home automation.

TECHNICAL SPECIFICATIONS

Specification	Value
Max Load	10A / 2300W
Connectivity	WiFi 2.4GHz
Socket Type	Universal
App Support	iOS & Android

KEY FEATURES

- Remote on/off control via app
- Timer and scheduling support
- Energy usage monitoring
- Voice assistant compatible
- Compact, plug-and-play design

IDEAL USE CASE

Ideal for users wanting to automate non-smart appliances like lamps and fans without replacing them.

Keywords: smart plug, WiFi outlet, home automation, remote control appliance

03 | Robot Vacuum Cleaner

ELECTRONICS > HOME APPLIANCE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This robot vacuum uses smart sensors to map rooms, avoid obstacles, and clean efficiently across carpets, tiles, and hardwood floors. It offers app-based scheduling, automatic recharging, and can be controlled remotely. Designed for daily maintenance cleaning, it reduces manual vacuuming effort and works well in homes with pets due to its strong suction for pet hair.

TECHNICAL SPECIFICATIONS

Specification	Value
Battery Life	120 minutes
Dustbin Capacity	0.6L
Noise Level	65dB
Charging Time	4 hours

KEY FEATURES

- Smart room mapping and obstacle avoidance
- App and voice control support
- Automatic recharge and resume cleaning
- Strong suction for pet hair and dust

IDEAL USE CASE

Best suited for apartments and homes with pets or busy schedules needing consistent daily floor cleaning.

Keywords: robot vacuum, automatic cleaning, smart home, pet hair vacuum

04 | Electric Kettle 1.5L

ELECTRONICS > KITCHEN APPLIANCE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This electric kettle heats water quickly using a concealed heating element, reducing boil time compared to stovetop methods. It includes an auto shut-off feature that turns the kettle off once water reaches boiling point, preventing dry boiling and overheating. The cordless base allows easy pouring, and the see-through water level indicator helps avoid overfilling. Suitable for daily use in homes, offices, and small kitchens.

TECHNICAL SPECIFICATIONS

Specification	Value
Capacity	1.5L
Power	1500W
Material	Stainless steel body
Cord Length	0.75m

KEY FEATURES

- Fast boiling concealed heating element
- Auto shut-off and boil-dry protection
- Cordless 360-degree base
- Water level indicator

IDEAL USE CASE

Great for individuals or small families needing quick hot water for tea, coffee, or instant food.

Keywords: electric kettle, water boiler, kitchen appliance, auto shut-off kettle

05 | Air Fryer 4L

ELECTRONICS > KITCHEN APPLIANCE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This air fryer circulates hot air at high speed around food to create a crispy exterior similar to deep frying, using significantly less oil. It comes with adjustable temperature and timer controls, making it suitable for frying, roasting, grilling, and reheating. The non-stick, removable basket simplifies cleaning, and the compact design fits easily on most kitchen counters, making healthier cooking more convenient for everyday meals.

TECHNICAL SPECIFICATIONS

Specification	Value
Capacity	4L
Power	1400W
Temperature Range	80°C - 200°C
Timer	Up to 60 minutes

KEY FEATURES

- Rapid hot-air circulation technology
- Adjustable temperature and timer
- Removable non-stick basket
- Multi-function: fry, roast, grill, reheat

IDEAL USE CASE

Ideal for health-conscious households wanting to reduce oil usage while still enjoying fried-style food.

Keywords: air fryer, healthy cooking, oil-free frying, kitchen appliance

06 | Microwave Oven 20L

ELECTRONICS > KITCHEN APPLIANCE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This microwave oven offers multiple power levels and preset functions for common cooking tasks like reheating leftovers, defrosting frozen food, and preparing simple meals. Its digital control panel makes selecting programs straightforward, and the interior is sized to accommodate standard dinner plates and bowls. A practical option for small kitchens, dorms, or as a secondary appliance in larger households.

TECHNICAL SPECIFICATIONS

Specification	Value
Capacity	20L
Power	800W
Control Type	Digital
Turntable	Yes

KEY FEATURES

- Multiple power levels
- Preset cooking and defrost functions
- Digital control panel with timer
- Child safety lock

IDEAL USE CASE

Suited for small households, students, or offices needing quick reheating and basic cooking.

Keywords: microwave oven, kitchen appliance, reheating, defrosting

07 | Induction Cooktop

ELECTRONICS > KITCHEN APPLIANCE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This induction cooktop uses electromagnetic energy to heat cookware directly, resulting in faster cooking and better temperature control than traditional gas or electric coils. Since it doesn't generate an open flame, it's a safer option for compact kitchens and doesn't heat up the surrounding air as much. It includes multiple preset cooking modes and adjustable power levels, and works with compatible induction-ready cookware.

TECHNICAL SPECIFICATIONS

Specification	Value
Power	2000W
Voltage	220-240V
Cookware Compatibility	Induction-base only
Timer	Up to 3 hours

KEY FEATURES

- Electromagnetic fast heating
- Multiple preset cooking modes
- Touch control panel with digital display
- Auto shut-off and overheat protection

IDEAL USE CASE

Good for small kitchens, rentals, or as a backup cooking surface where gas connections aren't available.

Keywords: induction cooktop, portable stove, energy-efficient cooking

08 | Mixer Grinder 750W

ELECTRONICS > KITCHEN APPLIANCE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This mixer grinder comes with multiple jars for different tasks such as wet grinding, dry grinding, and blending. Its powerful motor handles everyday kitchen tasks like preparing batters, chutneys, and spice mixes efficiently. Stainless steel blades are designed for durability, and the compact base unit is easy to store. A staple appliance for households that cook frequently from scratch.

TECHNICAL SPECIFICATIONS

Specification	Value
Power	750W
Jars Included	3
Material	ABS body, stainless steel jars
Warranty	2 years

KEY FEATURES

- 750W high-torque motor
- Multiple jars for wet/dry/chutney grinding
- Stainless steel blades
- 3-speed control with pulse function

IDEAL USE CASE

Essential for households that regularly prepare fresh batters, chutneys, and spice blends.

Keywords: mixer grinder, kitchen appliance, blending, grinding

09 | Refrigerator 250L

ELECTRONICS > LARGE APPLIANCE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This refrigerator offers a double-door design with a separate freezer compartment, providing organized storage for fresh and frozen food. It uses energy-efficient cooling technology to maintain consistent temperatures while keeping electricity consumption in check. Adjustable shelves and door bins allow flexible storage for bottles, vegetables, and containers, making it a practical choice for everyday household use.

TECHNICAL SPECIFICATIONS

Specification	Value
Capacity	250L
Energy Rating	3 Star
Defrost Type	Frost-free
Warranty	1 year (10 years compressor)

KEY FEATURES

- Double-door with separate freezer
- Energy-efficient cooling
- Adjustable shelves and door bins
- Frost-free operation

IDEAL USE CASE

Well-suited for small to medium families needing reliable, everyday food storage.

Keywords: refrigerator, fridge, double door, home appliance

10 | Washing Machine 7kg

ELECTRONICS > LARGE APPLIANCE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This washing machine automates the entire wash cycle from filling to spinning, requiring minimal manual intervention. It offers multiple wash programs tailored to different fabric types, along with adjustable water temperature and spin speed. The front-load design is gentler on clothes and generally more water-efficient than top-load alternatives, making it suitable for households seeking convenience and fabric care.

TECHNICAL SPECIFICATIONS

Specification	Value
Capacity	7kg
Type	Front Load
Spin Speed	1200 RPM
Energy Rating	4 Star

KEY FEATURES

- Fully automatic front-load design
- Multiple wash programs for fabric types
- Adjustable spin speed and water temperature
- Delay start and child lock

IDEAL USE CASE

Suitable for small to medium families wanting an automated, fabric-friendly washing solution.

Keywords: washing machine, front load, laundry appliance, home appliance

11 | Split AC 1.5 Ton

ELECTRONICS > CLIMATE CONTROL

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This split air conditioner separates the indoor unit from the outdoor compressor, allowing quieter indoor operation and efficient cooling for rooms up to roughly 150-180 square feet. It includes multiple cooling modes, adjustable fan speeds, and a remote control for convenient operation. Energy-saving technology helps regulate power consumption during extended use, making it suitable for bedrooms, living rooms, and home offices.

TECHNICAL SPECIFICATIONS

Specification	Value
Capacity	1.5 Ton
Energy Rating	3 Star
Refrigerant	R32
Noise Level	38dB (indoor)

KEY FEATURES

- 1.5 Ton cooling capacity
- Multiple cooling and fan modes
- Remote control operation
- Energy-saving compressor technology

IDEAL USE CASE

Ideal for cooling medium-sized bedrooms or living rooms in hot climates.

Keywords: split AC, air conditioner, room cooling, climate control

12 | Tower Fan

ELECTRONICS > CLIMATE CONTROL

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This tower fan provides a compact, vertical design that takes up minimal floor space while delivering wide-area airflow through oscillation. It includes multiple speed settings and often a remote control for convenience, along with a timer function for automatic shut-off. The enclosed blade design makes it safer around children and pets compared to traditional fans, making it a practical cooling option for bedrooms and living spaces.

TECHNICAL SPECIFICATIONS

Specification	Value
Height	100cm
Power	45W
Speed Settings	3
Timer	Up to 7.5 hours

KEY FEATURES

- Slim, space-saving vertical design
- Oscillating wide-area airflow
- Multiple speed settings with timer
- Remote control included

IDEAL USE CASE

Good for bedrooms and living rooms where floor space is limited but consistent airflow is needed.

Keywords: tower fan, oscillating fan, room cooling, space-saving fan

13 | Room Heater

ELECTRONICS > CLIMATE CONTROL

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This room heater uses electric heating elements to warm enclosed spaces quickly, making it suitable for bedrooms, study rooms, or home offices during winter months. It typically includes adjustable heat settings, tip-over protection, and overheat safety cutoff to ensure safe operation. The compact and lightweight design allows it to be moved easily between rooms as needed.

TECHNICAL SPECIFICATIONS

Specification	Value
Power	2000W
Coverage Area	Up to 150 sq ft
Safety Features	Auto cutoff, tip-over switch
Weight	2.5kg

KEY FEATURES

- Fast electric heating
- Adjustable heat settings
- Tip-over and overheat protection
- Compact, portable design

IDEAL USE CASE

Useful for individuals in cold climates needing quick, localized heating for a single room.

Keywords: room heater, electric heater, winter appliance, portable heater

14 | Air Purifier

ELECTRONICS > CLIMATE CONTROL

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This air purifier uses multi-stage filtration, including a HEPA filter, to capture fine particles such as dust, pollen, smoke, and pet dander from indoor air. It's designed for continuous operation with adjustable fan speeds and often includes an air quality indicator that shows real-time pollution levels. Particularly useful for households in high-pollution areas or for individuals with allergies or respiratory sensitivities.

TECHNICAL SPECIFICATIONS

Specification	Value
Coverage Area	Up to 300 sq ft
Filter Type	HEPA + Activated Carbon
CADR	300 m³/h
Noise Level	20-55dB

KEY FEATURES

- Multi-stage HEPA filtration
- Real-time air quality indicator
- Adjustable fan speed settings
- Quiet operation mode for night use

IDEAL USE CASE

Recommended for allergy sufferers or households in areas with high air pollution or dust levels.

Keywords: air purifier, HEPA filter, indoor air quality, allergen reduction

15 | Ceiling Fan

ELECTRONICS > CLIMATE CONTROL

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This ceiling fan is designed for continuous, energy-efficient air circulation in living rooms, bedrooms, and other indoor spaces. It features aerodynamically designed blades for optimized airflow and a powerful motor that operates quietly even at high speeds. Available with standard pull-chain or remote-compatible variants, it remains a cost-effective solution for everyday home cooling.

TECHNICAL SPECIFICATIONS

Specification	Value
Sweep Size	1200mm
Power	75W
Speed	350 RPM
Blade Count	3

KEY FEATURES

- Aerodynamic blade design
- Multiple speed settings
- Quiet motor operation
- Energy-efficient consumption

IDEAL USE CASE

A standard, budget-friendly cooling solution for any room in the house.

Keywords: ceiling fan, room cooling, home appliance, ventilation

16 | LED TV 43-inch

ELECTRONICS > ENTERTAINMENT

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This LED TV combines a full HD display with smart functionality, allowing direct access to popular streaming apps without needing an external device. It supports WiFi connectivity, multiple HDMI and USB ports, and often includes voice remote support. The slim design and decent viewing angles make it suitable as a primary living room television or a secondary screen in bedrooms.

TECHNICAL SPECIFICATIONS

Specification	Value
Screen Size	43 inch
Resolution	1920x1080 (Full HD)
Connectivity	WiFi, Bluetooth
Ports	3 HDMI, 2 USB

KEY FEATURES

- Full HD smart display
- Built-in streaming app support
- Multiple HDMI/USB ports
- Voice remote compatible

IDEAL USE CASE

Suitable as a primary or secondary TV for households wanting smart streaming without extra devices.

Keywords: LED TV, smart TV, home entertainment, full HD television

17 | Soundbar 2.1 Channel

ELECTRONICS > ENTERTAINMENT

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This soundbar improves on built-in TV speakers by delivering clearer dialogue and richer bass through its paired wireless subwoofer. It connects easily via HDMI ARC, optical, or Bluetooth, making it compatible with most modern televisions. Multiple sound modes optimize audio for movies, music, or news, offering a noticeable upgrade in home entertainment audio without the complexity of a full surround system.

TECHNICAL SPECIFICATIONS

Specification	Value
Output Power	120W
Channels	2.1
Connectivity	HDMI ARC, Optical, Bluetooth
Subwoofer	Wireless

KEY FEATURES

- 2.1 channel with wireless subwoofer
- HDMI ARC, optical, and Bluetooth connectivity
- Multiple sound modes
- Compact soundbar design

IDEAL USE CASE

Great for home entertainment setups wanting improved TV audio without a full surround sound system.

Keywords: soundbar, home theater, TV audio, wireless subwoofer

18 | Bluetooth Speaker

ELECTRONICS > ENTERTAINMENT

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This portable speaker connects wirelessly via Bluetooth to phones, tablets, or laptops, delivering balanced sound with decent bass output for its size. Built with a durable, often water-resistant casing, it's suitable for use by the pool, at gatherings, or simply around the house. Long battery life supports extended playback, and many models include hands-free calling functionality.

TECHNICAL SPECIFICATIONS

Specification	Value
Battery Life	12 hours
Output Power	20W
Water Resistance	IPX6
Connectivity	Bluetooth 5.0

KEY FEATURES

- Wireless Bluetooth connectivity
- Water-resistant durable build
- Long battery life for extended playback
- Hands-free calling support

IDEAL USE CASE

Ideal for casual listening at home, outdoor gatherings, or travel.

Keywords: Bluetooth speaker, portable speaker, wireless audio, outdoor speaker

19 | Wireless Earbuds

ELECTRONICS > AUDIO

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

These true wireless earbuds provide a cable-free listening experience with touch-based controls for playback and calls. The compact charging case extends total listening time significantly beyond the earbuds' individual battery life, making them convenient for daily commuting, workouts, or calls. Many models include passive noise isolation and quick-pairing technology for ease of use across devices.

TECHNICAL SPECIFICATIONS

Specification	Value
Battery Life	6 hours (24 hours with case)
Connectivity	Bluetooth 5.2
Water Resistance	IPX4
Charging	USB-C, fast charge

KEY FEATURES

- True wireless design with charging case
- Touch controls for playback and calls
- Quick-pairing Bluetooth technology
- Sweat and splash resistance

IDEAL USE CASE

Suited for daily commuting, workouts, and hands-free calling on the go.

Keywords: wireless earbuds, TWS, Bluetooth earphones, portable audio

20 | Over-Ear Headphones

ELECTRONICS > AUDIO

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

These over-ear headphones are designed for extended listening comfort with cushioned ear cups and an adjustable headband. They offer wireless Bluetooth playback along with a wired option for compatibility with non-Bluetooth devices. Enhanced bass response and noise isolation from the closed-back design make them suitable for music, calls, and casual gaming alike.

TECHNICAL SPECIFICATIONS

Specification	Value
Battery Life	20 hours
Driver Size	40mm
Connectivity	Bluetooth 5.0, 3.5mm jack
Weight	220g

KEY FEATURES

- Wireless and wired connectivity options
- Padded ear cups for extended comfort
- Enhanced bass audio profile
- Foldable design for portability

IDEAL USE CASE

Good for users who want long listening sessions at home or during travel with reliable comfort.

Keywords: over-ear headphones, wireless headphones, audio, music headset

21 | Smartphone (Mid-range)

ELECTRONICS > MOBILE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This smartphone offers a well-rounded feature set suitable for daily tasks including browsing, social media, photography, and light gaming. It includes a multi-camera setup for varied photography needs, a large battery for all-day use, and a display suited for media consumption. The processor handles everyday multitasking smoothly without the premium price tag of flagship devices.

TECHNICAL SPECIFICATIONS

Specification	Value
Display	6.5 inch FHD+
RAM/Storage	8GB/128GB
Battery	5000mAh
Camera	50MP triple rear camera

KEY FEATURES

- Multi-camera setup for varied photography
- Large battery with fast charging
- Smooth everyday performance
- Expandable storage support

IDEAL USE CASE

Suited for everyday users wanting reliable performance without paying flagship prices.

Keywords: smartphone, mid-range phone, mobile device, Android phone

22 | Smartwatch

ELECTRONICS > WEARABLE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This smartwatch pairs with smartphones to display calls, messages, and app notifications directly on the wrist. It includes health-tracking sensors for heart rate, sleep, and activity monitoring, along with multiple sport modes for workout tracking. A long-lasting battery and always-visible display make it practical for continuous daily wear, appealing to fitness-conscious users and those wanting reduced phone dependency.

TECHNICAL SPECIFICATIONS

Specification	Value
Display	1.4 inch AMOLED
Battery Life	Up to 7 days
Water Resistance	5 ATM
Connectivity	Bluetooth 5.0

KEY FEATURES

- Notification and call alerts on wrist
- Heart rate and sleep tracking
- Multiple sport and workout modes
- Multi-day battery life

IDEAL USE CASE

Ideal for fitness-focused individuals who want health tracking and notifications without checking their phone constantly.

Keywords: smartwatch, fitness tracker, wearable tech, health monitor

23 | Fitness Band

ELECTRONICS > WEARABLE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This fitness band is a slimmer, more affordable alternative to a full smartwatch, focused primarily on activity and health tracking. It monitors steps, distance, calories burned, and heart rate throughout the day, while also displaying basic call and message notifications. Its lightweight design and long battery life make it comfortable for continuous, all-day wear, including during sleep tracking.

TECHNICAL SPECIFICATIONS

Specification	Value
Display	1.1 inch AMOLED
Battery Life	Up to 14 days
Water Resistance	IP68
Weight	22g

KEY FEATURES

- Step and calorie tracking
- Continuous heart rate monitoring
- Sleep tracking
- Lightweight, all-day wearable design

IDEAL USE CASE

Good for users wanting basic fitness and health tracking in a lightweight, budget-friendly form.

Keywords: fitness band, activity tracker, wearable, step counter

24 | Laptop 15.6-inch

ELECTRONICS > COMPUTING

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This laptop is designed for general-purpose computing tasks such as document editing, web browsing, video calls, and media consumption. Its balanced hardware configuration handles everyday multitasking smoothly, while the full-size keyboard and large display support comfortable extended use. Suitable for students, remote workers, and households needing a reliable everyday computer.

TECHNICAL SPECIFICATIONS

Specification	Value
Display	15.6 inch FHD
RAM/Storage	8GB/512GB SSD
Battery Life	Up to 8 hours
OS	Pre-installed OS

KEY FEATURES

- Full-size backlit keyboard
- Balanced processor for daily multitasking
- Large 15.6-inch display
- Multiple ports including USB-C and HDMI

IDEAL USE CASE

Suitable for students and remote workers needing a dependable everyday laptop.

Keywords: laptop, computer, productivity laptop, everyday computing

25 | Wireless Mouse

ELECTRONICS > COMPUTING ACCESSORY

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This wireless mouse connects via a USB receiver or Bluetooth, eliminating cable clutter on the desk. Its ergonomic shape supports comfortable use during extended work sessions, while an optical sensor ensures precise cursor tracking across most surfaces. Low power consumption allows the mouse to run for months on a single battery charge, making it a practical accessory for laptops and desktops alike.

TECHNICAL SPECIFICATIONS

Specification	Value
Connectivity	2.4GHz wireless / Bluetooth
DPI	1600
Battery Life	Up to 12 months
Buttons	3

KEY FEATURES

- Wireless USB receiver or Bluetooth connectivity
- Ergonomic comfortable design
- Precise optical tracking
- Long battery life

IDEAL USE CASE

A practical everyday accessory for laptop and desktop users wanting cable-free convenience.

Keywords: wireless mouse, computer accessory, ergonomic mouse

26 | Mechanical Keyboard

ELECTRONICS > COMPUTING ACCESSORY

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This mechanical keyboard uses individual mechanical switches under each key, providing tactile feedback and a satisfying typing experience compared to standard membrane keyboards. Built for durability, it withstands high usage over time and often includes customizable backlighting. Suitable for gamers, programmers, and anyone who types extensively and values responsive, comfortable keystrokes.

TECHNICAL SPECIFICATIONS

Specification	Value
Switch Type	Mechanical blue/red switches
Connectivity	USB wired / Wireless
Backlighting	RGB
Key Layout	Full-size

KEY FEATURES

- Mechanical switches for tactile feedback
- Customizable RGB backlighting
- Durable build for heavy daily use
- Anti-ghosting key support

IDEAL USE CASE

Ideal for gamers, writers, and programmers who type frequently and want responsive key feedback.

Keywords: mechanical keyboard, gaming keyboard, RGB keyboard, computer accessory

27 | Power Bank 20000mAh

ELECTRONICS > ACCESSORY

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This power bank offers a large battery capacity suitable for charging smartphones multiple times or tablets and other devices at least once before needing a recharge. It supports fast charging on both input and output, reducing the time needed to recharge the power bank itself and the connected device. Multiple output ports allow charging more than one device simultaneously, making it a useful travel and everyday backup accessory.

TECHNICAL SPECIFICATIONS

Specification	Value
Capacity	20000mAh
Output	18W Fast Charge
Ports	2 USB-A, 1 USB-C
Weight	400g

KEY FEATURES

- 20000mAh high-capacity battery
- Fast charging input and output
- Multiple device ports
- LED battery level indicator

IDEAL USE CASE

Useful for travelers and daily commuters who need reliable backup charging on the go.

Keywords: power bank, portable charger, battery backup, fast charging

28 | USB-C Charging Cable

ELECTRONICS > ACCESSORY

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This USB-C cable supports both fast charging and data transfer, compatible with smartphones, tablets, laptops, and other USB-C enabled devices. Reinforced connectors and braided cabling improve durability against everyday wear from bending and coiling. A dependable, replaceable accessory for anyone needing reliable charging cables at home, office, or while traveling.

TECHNICAL SPECIFICATIONS

Specification	Value
Length	1m
Charging Speed	Up to 60W
Data Transfer	480Mbps
Connector	USB-C to USB-C / USB-A

KEY FEATURES

- Fast charging and data transfer support
- Braided, durable cable design
- Reinforced connector heads
- Wide device compatibility

IDEAL USE CASE

A reliable replacement or spare charging cable for everyday USB-C devices.

Keywords: USB-C cable, charging cable, fast charging cable, accessory

29 | Wall Charger 65W

ELECTRONICS > ACCESSORY

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This wall charger delivers up to 65W of power, making it suitable for fast-charging not just smartphones but also many laptops and tablets that support USB-C power delivery. Its compact, foldable-plug design makes it convenient for travel, while built-in safety features protect against overcurrent and overheating during use.

TECHNICAL SPECIFICATIONS

Specification	Value
Output	65W USB-C PD
Input Voltage	100-240V
Ports	1 USB-C
Weight	120g

KEY FEATURES

- 65W fast charging output
- Compatible with laptops, tablets, phones
- Compact, travel-friendly design
- Overcurrent and overheat protection

IDEAL USE CASE

Convenient for users who want one charger for multiple device types, especially while traveling.

Keywords: wall charger, fast charger, USB-C power adapter, accessory

30 | External Hard Drive 1TB

ELECTRONICS > STORAGE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This external hard drive provides ample storage for backing up important files, photos, videos, and documents separate from a computer's internal storage. Its plug-and-play USB connectivity works across most operating systems without additional drivers. The compact, durable casing makes it suitable for carrying between home, office, or while traveling, serving as a reliable backup and file-transfer solution.

TECHNICAL SPECIFICATIONS

Specification	Value
Capacity	1TB
Interface	USB 3.0
Transfer Speed	Up to 120MB/s
Weight	180g

KEY FEATURES

- 1TB storage capacity
- Plug-and-play USB connectivity
- Compact, portable design
- Cross-platform compatibility

IDEAL USE CASE

Useful for anyone needing reliable offline backup of important digital files and media.

Keywords: external hard drive, storage device, file backup, portable HDD

31 | Pen Drive 64GB

ELECTRONICS > STORAGE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This pen drive offers convenient, pocket-sized storage for transferring files between computers or storing documents, photos, and media on the go. Its plug-and-play design requires no additional software, and the compact form factor makes it easy to carry on a keychain or in a bag. A practical, affordable accessory for students, professionals, and everyday computer users.

TECHNICAL SPECIFICATIONS

Specification	Value
Capacity	64GB
Interface	USB 3.0
Transfer Speed	Up to 80MB/s
Body Material	Metal/Plastic

KEY FEATURES

- 64GB storage capacity
- Plug-and-play USB connectivity
- Compact, keychain-friendly design
- Wide device compatibility

IDEAL USE CASE

Great for students and professionals needing quick, portable file transfer.

Keywords: pen drive, USB flash drive, portable storage, file transfer

32 | Wi-Fi Router

ELECTRONICS > NETWORKING

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This WiFi router broadcasts dual-band wireless signals to reduce congestion and improve connection stability across multiple connected devices. It supports standard home networking needs including streaming, video calls, and gaming, with settings accessible through a simple web or app-based interface. Multiple LAN ports allow wired connections for devices needing more stable connectivity, such as desktop computers or smart TVs.

TECHNICAL SPECIFICATIONS

Specification	Value
WiFi Standard	WiFi 5 (802.11ac)
Bands	2.4GHz + 5GHz
LAN Ports	4
Coverage Area	Up to 1500 sq ft

KEY FEATURES

- Dual-band WiFi for reduced congestion
- Multiple LAN ports for wired devices
- App-based network management
- Parental control and guest network support

IDEAL USE CASE

Suitable for homes and small offices needing stable, whole-space WiFi coverage.

Keywords: WiFi router, wireless internet, home networking, dual-band router

33 | Extension Board

ELECTRONICS > ELECTRICAL

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This extension board expands a single wall outlet into multiple sockets, allowing several devices to be powered simultaneously. Built-in surge protection helps guard connected electronics against voltage spikes, while an individual switch per socket allows convenient control without unplugging devices. A practical accessory for home offices, entertainment setups, or any area with multiple electronic devices.

TECHNICAL SPECIFICATIONS

Specification	Value
Sockets	6
Cord Length	3m
Max Load	10A
Surge Protection	Yes

KEY FEATURES

- Multiple sockets with individual switches
- Built-in surge protection
- Durable, fire-resistant casing
- Extended cord length

IDEAL USE CASE

Useful for home offices and entertainment centers with multiple devices needing power.

Keywords: extension board, power strip, surge protector, electrical accessory

34 | Inverter with Battery

ELECTRONICS > POWER BACKUP

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This inverter system detects power outages and automatically switches to battery backup, keeping essential home appliances like lights, fans, and routers running without interruption. It includes a battery charging unit that recharges automatically once main power is restored. Designed for areas with frequent power cuts, it provides a dependable backup solution for households and small offices.

TECHNICAL SPECIFICATIONS

Specification	Value
Capacity	850VA
Battery Type	Tubular
Backup Time	3-4 hours (typical load)
Charging Time	8-10 hours

KEY FEATURES

- Automatic power backup switching
- Battery auto-recharge functionality
- Overload and short-circuit protection
- Digital display for battery status

IDEAL USE CASE

Essential for households in areas experiencing frequent power outages.

Keywords: inverter, power backup, battery backup, home electrical

35 | Water Purifier (RO)

ELECTRONICS > HOME APPLIANCE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This water purifier uses reverse osmosis (RO) technology combined with additional filtration stages to remove dissolved impurities, bacteria, and contaminants from tap or borewell water. It's designed for continuous household use, with a storage tank that keeps purified water ready for consumption. Suitable for areas with varying water quality, it provides a consistent supply of safe drinking water.

TECHNICAL SPECIFICATIONS

Specification	Value
Purification Capacity	15L/hour
Storage Tank	8L
Stages	7-stage purification
Power	60W

KEY FEATURES

- Multi-stage RO + UV/UF purification
- Storage tank for ready-to-use water
- Removes dissolved salts and contaminants
- Filter change indicator

IDEAL USE CASE

Recommended for households with hard water or inconsistent municipal water quality.

Keywords: water purifier, RO purifier, drinking water, home appliance

36 | Vacuum Cleaner (Handheld)

ELECTRONICS > HOME APPLIANCE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This handheld vacuum cleaner is designed for spot cleaning rather than whole-room vacuuming, making it ideal for car interiors, upholstery, and small spills. Its compact, cordless or corded design allows easy maneuvering into tight corners and crevices that larger vacuums can't reach. A washable filter and easy-empty dust cup simplify maintenance after use.

TECHNICAL SPECIFICATIONS

Specification	Value
Power	600W
Weight	1.2kg
Cord Length	5m (corded) or battery-powered
Dust Cup Capacity	0.5L

KEY FEATURES

- Lightweight, compact design
- Suitable for tight spaces and upholstery
- Washable filter
- Easy-empty dust cup

IDEAL USE CASE

Convenient for quick spot cleaning of cars, sofas, and small messes around the house.

Keywords: handheld vacuum, spot cleaner, car vacuum, home appliance

37 | Iron Box (Steam)

ELECTRONICS > HOME APPLIANCE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This steam iron combines heat and steam output to smooth out wrinkles more effectively than dry ironing alone. Its non-stick soleplate glides smoothly over fabrics, reducing the chance of snagging or damage. Adjustable temperature and steam settings accommodate different fabric types, from delicate garments to heavier materials, making it suitable for regular household use.

TECHNICAL SPECIFICATIONS

Specification	Value
Power	1200W
Water Tank Capacity	200ml
Soleplate	Non-stick coated
Cord Length	1.8m

KEY FEATURES

- Steam and dry ironing modes
- Non-stick soleplate
- Adjustable temperature settings
- Anti-drip and auto shut-off safety features

IDEAL USE CASE

A household essential for regularly ironing clothes across various fabric types.

Keywords: steam iron, ironing appliance, clothes iron, home appliance

38 | Hair Dryer

ELECTRONICS > PERSONAL CARE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This hair dryer offers multiple heat and airflow speed combinations to accommodate different hair types and styling needs. A cool-shot button helps set styles after drying, while the lightweight, ergonomic design reduces arm fatigue during use. Suitable for daily personal care routines, it balances performance with ease of handling.

TECHNICAL SPECIFICATIONS

Specification	Value
Power	1800W
Settings	3 heat / 2 speed
Weight	400g
Cord Length	1.8m

KEY FEATURES

- Multiple heat and speed settings
- Cool-shot button for style setting
- Lightweight ergonomic design
- Overheat protection

IDEAL USE CASE

A practical everyday personal care appliance for quick hair drying and basic styling.

Keywords: hair dryer, personal care, hair styling appliance

39 | Trimmer

ELECTRONICS > PERSONAL CARE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This cordless trimmer offers precision grooming with multiple adjustable length settings for beard, mustache, or body hair. Its rechargeable battery supports cordless use for convenience, while stainless steel or ceramic blades stay sharp with minimal maintenance. Waterproof designs on some models also allow use in the shower, making it a versatile addition to a personal grooming routine.

TECHNICAL SPECIFICATIONS

Specification	Value
Battery Life	60 minutes
Charging Time	90 minutes
Length Settings	20 levels
Water Resistance	IPX7

KEY FEATURES

- Cordless rechargeable operation
- Multiple adjustable length settings
- Durable sharp blades
- Washable, low-maintenance design

IDEAL USE CASE

Convenient for regular at-home grooming without needing frequent salon visits.

Keywords: trimmer, grooming appliance, beard trimmer, personal care

40 | Electric Toothbrush

ELECTRONICS > PERSONAL CARE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This electric toothbrush uses oscillating or sonic vibration technology to remove plaque more effectively than manual brushing alone. It typically includes multiple brushing modes for sensitive gums, whitening, or deep cleaning, along with a built-in timer to encourage the dentist-recommended two-minute brushing duration. The rechargeable battery and travel case make it convenient for both home and travel use.

TECHNICAL SPECIFICATIONS

Specification	Value
Battery Life	Up to 3 weeks
Brushing Modes	3
Vibrations	31,000/min
Water Resistance	IPX7

KEY FEATURES

- Sonic vibration cleaning technology
- Multiple brushing modes
- Built-in two-minute timer
- Rechargeable battery with travel case

IDEAL USE CASE

Recommended for anyone wanting improved daily oral hygiene over manual brushing.

Keywords: electric toothbrush, oral care, personal care appliance

41 | Digital Weighing Scale

ELECTRONICS > PERSONAL CARE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This digital weighing scale provides quick and accurate weight readings through a large, easy-to-read display. Its sensitive sensors ensure consistent measurements, while the slim, tempered-glass design fits easily into most bathrooms. Suitable for anyone tracking weight as part of a fitness or health routine, it offers a simple, no-fuss way to monitor progress.

TECHNICAL SPECIFICATIONS

Specification	Value
Capacity	180kg
Display	Digital LCD
Power Source	Battery operated
Platform Material	Tempered glass

KEY FEATURES

- Accurate digital sensors
- Large, easy-to-read display
- Slim tempered-glass design
- Auto on/off and low battery indicator

IDEAL USE CASE

Useful for individuals tracking weight regularly as part of health or fitness goals.

Keywords: digital scale, weighing scale, bathroom scale, personal care

42 | Study Table Lamp

HOME > FURNITURE/LIGHTING

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This table lamp provides focused, adjustable lighting suited for reading, studying, or desk work. Multiple brightness levels and color temperature settings help reduce eye strain during extended use, while a flexible arm or neck allows precise directional lighting. Energy-efficient LED technology keeps power use low, and many models include USB charging ports for added convenience at a desk.

TECHNICAL SPECIFICATIONS

Specification	Value
Power	10W
Brightness Levels	5
Color Temperature	3000K-6500K
Power Source	USB/Adapter

KEY FEATURES

- Adjustable brightness and color temperature
- Flexible, directional lamp arm
- Energy-efficient LED lighting
- USB charging port (select models)

IDEAL USE CASE

Ideal for students and professionals needing focused, adjustable desk lighting.

Keywords: study lamp, LED table lamp, desk lighting, reading lamp

43 | LED Ceiling Light

HOME > LIGHTING

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This LED ceiling light offers broad, even illumination suitable for living rooms, bedrooms, or kitchens. Its slim, flush-mount design fits close to the ceiling for a clean, modern look, while energy-efficient LEDs provide bright light with lower power consumption than traditional bulbs. Some models offer adjustable color temperature to switch between warm and cool lighting depending on the mood or task.

TECHNICAL SPECIFICATIONS

Specification	Value
Wattage	24W
Lumens	2000lm
Diameter	30cm
Lifespan	30,000 hours

KEY FEATURES

- Even, wide-area illumination
- Slim flush-mount design
- Energy-efficient LED technology
- Adjustable color temperature (select models)

IDEAL USE CASE

A practical main lighting source for any room needing consistent, bright illumination.

Keywords: LED ceiling light, room lighting, flush mount light, home lighting

44 | Sofa Set 3-Seater

[HOME](#) > [FURNITURE](#)

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This 3-seater sofa combines a sturdy wooden frame with high-density foam cushioning for lasting comfort and support. The upholstery fabric is chosen for durability and ease of cleaning, suitable for everyday family use. Its classic design fits a range of living room styles, serving as a comfortable primary seating option for relaxing or entertaining guests.

TECHNICAL SPECIFICATIONS

Specification	Value
Seating Capacity	3
Frame Material	Solid wood
Upholstery	Fabric
Dimensions	180 x 85 x 90 cm

KEY FEATURES

- Sturdy wooden frame construction
- High-density foam cushioning
- Durable, easy-to-clean upholstery
- Classic design fits most decor styles

IDEAL USE CASE

A central seating piece for living rooms hosting family or guests.

Keywords: sofa, 3-seater sofa, living room furniture, couch

45 | Dining Table Set

[HOME](#) > [FURNITURE](#)

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This dining table set includes a sturdy table and matching chairs suited for daily family meals or hosting small gatherings. The table surface is finished for easy cleaning, while the chair design balances comfort with sturdy support. Constructed from durable materials, it's built to handle regular daily use in busy households.

TECHNICAL SPECIFICATIONS

Specification	Value
Seating Capacity	4
Material	Engineered wood / Solid wood
Table Dimensions	120 x 75 x 75 cm
Chairs Included	4

KEY FEATURES

- Table with matching chair set
- Durable, easy-to-clean tabletop
- Sturdy construction for daily use
- Space-efficient design

IDEAL USE CASE

Suited for families needing a dedicated everyday dining space.

Keywords: dining table, dining set, furniture, kitchen table

46 | Bed Frame Queen Size

HOME > FURNITURE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This queen-size bed frame offers a sturdy base for mattress support, built from durable materials designed to handle daily use over years. Its clean, minimal design fits a range of bedroom styles, while reinforced slats provide even weight distribution and reduce mattress sagging over time. A dependable foundation piece for any bedroom setup.

TECHNICAL SPECIFICATIONS

Specification	Value
Size	Queen (60x80 inch)
Material	Engineered wood / Metal
Height	35cm (frame only)
Weight Capacity	200kg

KEY FEATURES

- Sturdy queen-size frame
- Reinforced slats for mattress support
- Clean, minimal design
- Durable build for long-term use

IDEAL USE CASE

A dependable bedroom furniture piece for mattress support and structure.

Keywords: bed frame, queen bed, bedroom furniture

47 | Mattress Queen Size

HOME > FURNITURE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This queen-size mattress uses layered foam construction to balance support and comfort, helping maintain spinal alignment during sleep. Breathable materials help regulate temperature through the night, while the medium-firm feel suits a wide range of sleeping positions. Designed for durability, it maintains its shape and support over years of regular use.

TECHNICAL SPECIFICATIONS

Specification	Value
Size	Queen (60x80 inch)
Thickness	8 inches
Material	Memory foam + high-density foam
Firmness	Medium-firm

KEY FEATURES

- Layered foam for balanced support
- Breathable, temperature-regulating materials
- Medium-firm feel for varied sleep positions
- Durable, long-lasting construction

IDEAL USE CASE

Suited for anyone wanting consistent comfort and support for nightly sleep.

Keywords: mattress, queen mattress, memory foam mattress, bedroom

48 | Wardrobe 3-Door

HOME > FURNITURE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This 3-door wardrobe provides ample storage space with a combination of hanging rods, shelves, and drawers to organize clothing and other household items. Its sturdy construction supports daily opening and closing without wear, while the finish resists scratches and stains common in everyday use. A practical storage solution for bedrooms needing organized closet space.

TECHNICAL SPECIFICATIONS

Specification	Value
Doors	3
Material	Engineered wood
Dimensions	150 x 52 x 200 cm
Drawers	2

KEY FEATURES

- 3-door design with hanging and shelf space
- Sturdy, scratch-resistant finish
- Includes drawers for additional storage
- Space-efficient vertical design

IDEAL USE CASE

Ideal for bedrooms needing organized, spacious clothing and item storage.

Keywords: wardrobe, closet, bedroom storage, furniture

49 | Bookshelf

HOME > FURNITURE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This bookshelf offers multiple tiers for organizing books, decor items, or storage boxes in living rooms, bedrooms, or home offices. Its sturdy shelving supports moderate to heavy loads without sagging, while the open design makes it easy to access and display items. A versatile furniture piece that adds both storage and visual interest to a room.

TECHNICAL SPECIFICATIONS

Specification	Value
Tiers	5
Material	Engineered wood / Metal frame
Dimensions	80 x 30 x 180 cm
Load Capacity per Shelf	15kg

KEY FEATURES

- Multiple sturdy shelving tiers
- Open design for easy access
- Supports moderate to heavy loads
- Compact footprint

IDEAL USE CASE

Useful for organizing books and decor in living rooms, bedrooms, or home offices.

Keywords: bookshelf, storage furniture, shelving unit, home decor

50 | Office Chair

HOME > FURNITURE

Brand: [Brand Placeholder]

PRODUCT OVERVIEW

This office chair is built with ergonomic support in mind, offering adjustable height, backrest tilt, and armrests to suit different desk setups and body types. Breathable mesh backing helps with airflow during long work sessions, while a sturdy base with smooth-rolling casters supports easy movement around a workspace. A practical seating solution for home offices or study spaces.

TECHNICAL SPECIFICATIONS

Specification	Value
Material	Mesh + foam cushioning
Height Adjustment	42-52cm seat height
Weight Capacity	120kg
Base	5-wheel rolling base

KEY FEATURES

- Ergonomic adjustable height and tilt
- Breathable mesh back support
- Adjustable armrests
- Smooth-rolling caster wheels

IDEAL USE CASE

Suited for anyone working from a desk for extended periods needing ergonomic support.

Keywords: office chair, ergonomic chair, desk chair, home office furniture
